Which residence is best?

Just like you, each of our residences is unique. The best residence for you will be based on who you are and what you want to get out of your residence experience.

The first step in selecting your residence preferences is to ask yourself a few important questions.

Do I want to live with other students in the same academic program?

Am I looking for leadership opportunities?

Do I want a full meal plan or a full kitchen with an optional meal plan?

Do I study better in a quiet living environment?

Am I motivated by having lots of activity around me?

Do I want to live in a single gender or co-ed community?

Do I want to live with suitemates who care about the environment, speak French or who celebrate diversity?

Would I prefer independent living in a townhouse?

Do I have a preferred roommate(s)?
