**Office Hours:** Wednesdays from 6 – 8 pm  
**A bit about me:** I attended Trent University where I studied Psychology and worked for their housing department. I loved my time there as a Don (same as an RA, just a different name) and really enjoyed studying Psychology – I am fascinated by human behaviour! In addition, I love to get outside, go on hikes, camping with my friends as well as attending classes at the gym. I am also a self-proclaimed foodie and especially love baking!

**Alex Clarke**

**Email:** arlm-mountainfv@uoguelph.ca  
**Office Hours:** Tuesdays from noon – 2 pm  
**A bit about me:** I’m originally from Whitby, Ontario and I did my undergraduate degree at Wilfrid Laurier University. Outside of work I like to keep fit by going to the gym and running, spending time with family and friends, watching Netflix, and cooking! Some recent hobbies I’ve started to pick up to keep myself busy include playing the ukulele and tending to/growing plants!

**Sam Medeiros**

**Email:** arlm-maritnessc@uoguelph.ca  
**Office Hours:** Thursdays from 3 – 5 pm  
**A bit about me:** I attended the University of British Columbia where I studied Psychology and worked in for their student housing department as an RA. In addition, I love to spend some quality time outside, hiking, running, camping with my friends (outside of all this)! I am also really into books, board games, and video games, and I’ve spent lots of my time recently playing Tabletop Simulator with my friends virtually.

Townhall Laundry Room
- Accessible 24/7
- It's important to remember to keep this area clean and not to use this space as a social hangout. Please set reminders on your phone to pick up your laundry after the cycle has finished. Try to maintain social distancing while doing your laundry to respect those around you who are also practicing this.

Garbage & Recycling Pick-Up
- Place your garbage & recycling outside of your townhouse between 8-9 am on Mondays & Thursdays to ensure that it gets collected.
- Try to avoid placing it outside the night before as East Village is close to the Arboretum and animals like to dig into the garbage and make a mess.

Microwave Availability
- If you are in need of a microwave and don't have one in your townhouse, one is available for your use in the Laundry room. Please clean the microwave after each use and keep the cleaning supplies in this location.
