

Assistant Residence Life Manager (ARLM) 2017-2018

Name: Danielle Talbot

Why did you choose to become an ARLM? I chose to become an ARLM to provide an extra level of support to the students and RAs. When I was an RA, my managers helped me learn and grow in my role, which strengthened my communities of students. I wanted to be able to provide that guidance and helping hand to my staff as well as provide an extra level of support for the students in South. First year is a time of challenges, chances, and changes and as an ARLM I have the opportunity to coach the staff in embracing those with their students so that they can have the best first year.

What do you love best about your role?

I love being able to build relationships with first year students as well as staff members. This job allows me to connect with them on a personal level to help them reach and accomplish their goals. It is amazing to watch staff grow in their role and students grow in their communities.

University of Guelph

What Committees and Special Projects have you worked on:
