

Meeting with Campus Partner

The Residence Community Living Standards exist to ensure a safe and comfortable environment for all residents. It is important that all students uphold these standards out of respect for themselves and their communities. While living in residence, we encourage students to develop a sense of belonging both in residence and on campus as a whole. At times, this may include meeting with another staff member from our campus community to support further learning and reflection.

Learning Outcomes & Instructions

The specific learning outcomes will be included in the correspondence from the campus partner you have been asked to meet with.

As per instruction from the CA, RLM(iT) or AC that you met with, you are asked to reach out to the designated Campus Partner to schedule a time to connect.

To Submit

The Campus Partner will pass along guidelines on when to complete the outcome, should there be additional activities or reflection needed to be completed.

Please note that Student Housing Services is dedicated to upholding the utmost standards of confidentiality.

If you have any accommodations or require this information in an alternate format, please contact communitystandards@uoguelph.ca.
