Land Acknowledgement

Student Housing Services recognizes that the University of Guelph resides on the ancestral lands of the Attawandaron people and the treaty lands and territory of the Mississaugas of the Credit. We uphold the significance of the Dish with One Spoon Covenant and the continuing relationship our Indigenous neighbours have with this land. We recognize that today this gathering place is home to many First Nations, Métis and Inuit peoples and acknowledging them reminds us of our relationships to this land where we learn and work.

Welcome Home!

Moving into residence is an exciting and important day for new students.

We want you to be prepared so that you can have a great experience coming to the University of Guelph. This guide is intended to guide you through the process!

Move-in at U of G will take place on September 1 and 2, 2023. Limited move-in will also take place August 31 for specific locations. You will receive an email in advance to select a specific timeslot for your move-in. To view your specific time or make a change visit the Housing Portal.

Questions about the information in this booklet may be directed to housing@uoguelph.ca.

Where Campus Comes to Life
Welcome to residence at the University of Guelph! You have made a wonderful choice to live on campus. The first-year experience can be a challenging one as you move from the familiar setting of your home and the support of family and friends to the “uncharted” territory of university living and studies. Our Student Housing Services staff are excited to meet you and to help you get comfortable both socially and academically!

The most memorable parts of the residence experience will be the people you meet and the experiences you collectively share. Your time in residence will be guided by our Residence Life Staff who are live-in professional and paraprofessional staff who will help develop a sense of community, identify campus resources, and help you navigate any of the challenges that may come your way during your stay on campus.

Living in residence and your first year of university is all about new experiences. I hope that you take the opportunity to challenge and learn about yourself. Student Housing Services will be there to ensure a safe, secure, healthy, and fun environment!

Before Your Arrival

Plan ahead for a smoother move-in

Packing up to move into residence will take some planning. We don’t want you to arrive and discover you have missed something important. The list provided on page 8 is meant to be a general guide to the basics you will need. As you are likely coming from far away, you will need to bring a wide range of items for the whole semester.

Know your move-in time

Your move-in time can be found on the Housing Portal. Be sure to arrive at the assigned move-in time you selected. This helps us manage traffic flow and ensure we are minimizing contact between individuals.

Connect with your roommates or suitemates

If you are living in a multi-occupancy room, your roommates or suitemates will be listed on your Housing Portal, including their U of G email to get in contact prior to move-in. Contact them to discuss how you want to decorate your room, determine if there are items you want to share (such as a fridge or kitchen supplies), and what things you might have in common!
Will You Help Me Move?

Although we are here to guide and support you with your move, you are responsible for moving your belongings into residence.

Once you have arrived at your building location, our staff will guide you to an unloading area. While you go and retrieve your keys, your family will start emptying the car. Please move your car to a parking lot as quickly as possible so that we can accommodate others in the queue.

Moving into residence is a physically demanding process. Elevators are not available in all residences and stairs may be required. Large and heavy items (such as mini-fridges) will need to be moved by you. Consider packing in a way that makes items light and easy to carry when possible.

What's an OV?

An OV (oh-vee) is an ORIENTATION VOLUNTEER!

These awesome students are here to help make your orientation experience as smooth and welcoming as possible. You will recognize an OV by their bright and fashionable t-shirts. When you arrive on campus, an OV will help you find your way, and answer any questions you may have about Orientation.

Be on the lookout for red vests with "RLS" on the back. These amazing folks are our student Residence Life Staff. These are upper-year students who will live in residence with you all year and assist you with your transition to university life! They will be around all orientation week to help you settle in.
Sustainability is a cornerstone to life at the University of Guelph. We are committed to operating in ways which reduce waste, limit over-consumption, and promote healthy communities.

Student Housing Services has partnered with U of G's Sustainability Office to create move-in tips that encourage sustainable practices. When packing for residence, we encourage you to do so in ways that are more environmentally conscious.

10 Sustainable Move-In Tips

1. Pack only what you need
Bringing less makes your move-in day smoother and saves on packaging, transport and cost. For example, leave the printer at home and instead utilize our library printing services if/when you need to print something!

2. Bring reusable
Remember to bring along those items that help you avoid single-use disposables: reusable travel mugs and water bottles, food storage containers, utensils, napkins, and shopping bags. Other items to consider bringing: LED lightbulbs, a power bar, and a drying rack.

3. Wait on big purchases
Move in to your place before investing in large or expensive items. That way, you’ll know the space better, be able to coordinate with your roommates, and maybe even discover more convenient options.

Did you know?
In the Fall of 2021, the Lang School of Business planted over 600 trees in our North Campus.
Students living in Lambton and Addington Halls can watch them grow from their window!
4. Shop local
Support your community at home or in Guelph by not purchasing online! You’ll also lessen the carbon footprint created by plastic and styrofoam packaging and delivery emissions.

5. Buy used
Reduce waste by looking for good-quality used items. Alternatives to new items keep existing items out of the landfill, and at the same time, decrease the demand for the production of new items! Check out our Guelph local thrift stores or digital platforms like Facebook Marketplace or the Cannon.

6. When you have to buy items, purchase sustainably made
Environmentally-friendly products include ENERGY-STAR certified appliances and items with minimal, recyclable packaging. But it gets even simpler: buy items that will last 4 years and beyond.

7. Pack sustainable
Instead of using cardboard boxes and garbage bags, try bringing your stuff in reusable containers like suitcases, duffle bags and laundry baskets! You can also eliminate the need for bubble wrap and packing peanuts by wrapping fragile items in clothes, towels, or bed sheets. Clean-up will be easier and you won’t have to send nearly as much to the landfill.

8. Travel sustainable
Plan ahead so that your trip will be as efficient as possible: fitting as much as possible in vehicles, taking a direct route, and turning off the transmission to unload. Always avoid idling.

9. Donate what you don’t need
At any point during the process, you may find yourself with items you no longer wish to keep. Collect and drop-off your unwanted (but working) items to a charity or thrift-store nearby (a quick Google search will provide you with possibilities for giving your items a second life)!

10. Recycle what you can’t donate
As a last resort, recycle items appropriately. Diligent recycling is an important practice for waste diversion, and it’s easy with the help of the University of Guelph Waste Wizard hosted by the Sustainability Office.

Settling In

Your first week in residence is an exciting opportunity to meet new people, navigate campus, and settle into your room.

Once classes begin, your life in residence will start to settle into a normal routine of classes, meals, online social activities, and more. By this time, you will have decorated and personalized your room to your tastes and developed new friendships within your community.

Orientation Week

“O-Week” is a popular nickname we use for Orientation Week; it consists of five days of learning about yourself, your roommates, your residence community and the university itself. This is your new home!

The first activity to kick off your O-Week experience is your community meeting in residence. Your Residence Assistant (RA) will introduce you to your new community.

Your community meeting time and location will be listed on your welcome letter when you arrive at U of G.

Learn more about Orientation Week by visiting startuofg.ca
Be sure to download the IAmAGryphon app on Android or iOS in advance of your arrival to browse events and meet other incoming students!

O-Week activities are planned so that you can pick and choose the activities that interest you. Join your residence team for fun activities when it fits with your schedule.
Saying Goodbye

It’s not goodbye, but hello! This new chapter in your life will have some ups and downs, but we are here to help.

It is perfectly normal to experience a range of emotions during O-Week, but have no fear. Our Residence Assistants and professional Residence Life Managers are trained and ready to help you with your transition to university life.

Important Acronyms

IHC = Interhall Council
Interhall representatives are your elected residence student government. They act in an advisor capacity to Student Housing Services and they have a lot of fun planning events and activities to boost community and residence spirit!

**Residence Community Living Standards**

Student Housing’s Residence Community Living Standards (RCLS) were developed with one goal in mind: for all students to enjoy their right to security, personal well-being and the pursuit of academic success while living in residence. Living in residence requires that we all agree and adhere to the Residence Community Living Standards.

*Learn more about the Residence Community Living Standards by visiting housing.uoguelph.ca/rcls.*

**Roommates & Suitemates**

Living with a roommate or suitemate can be an exciting experience! Open and honest communication about how you want to live together and share your space is essential. However, we know sometimes things just don’t click. After moving in, if you experience conflict with your roommate...

- Talk to your RA about your concern
